

Is this your first time to access TEMPO" through the Citrix® server?

If so, follow these steps:

- Step 1: Download the Citrix® client file. [Click here.](#)
- Step 2: Go to your desktop, double-click the downloaded file, then install the client by following the prompts.
- Step 3: [Click here](#) to create a special-purpose shortcut to TEMPO" on your desktop.
- Step 4: Access TEMPO" by clicking the new shortcut on your desktop.

You only need to complete these steps to initially install or update the Citrix® TEMPO" shortcut on your desktop. From that point on, simply use that shortcut to access TEMPO".

Are you a returning user?

Simply log in by clicking the Citrix® TEMPO" shortcut on your desktop.

Do you need to update your Citrix® client file?

Follow steps one through four above.
